Ngā Mahi Ako (Activities)

1

PLAY Use the included flashcards to learn the Māori words for different lunchbox items.

2

USING the included flashcards, match the Māori words to the flashcards showing pictures...

3

FOCUS on the food items that belong in a lunchbox, create a Māori game of 'lunchbox' picture bingo (6 - 12 squares). You can use the pictures from the flashcards OR you can use your own pictures. The teacher (or a student) calls out the Māori word, and the others cover up the equivalent picture.

4

ASK students to write down a shopping list in Māori of food that the whānau will need for lunchboxes this week eg He ..., he ..., he ... etc (A/some ..., a/some ..., a/some etc)

5

SEPARATE lunchbox food items into 2 categories, using Māori ie He Kai Hauora (Healthy Food) and He Kai Kino (Unhealthy Food)

6

ASSIST the students to use the included lunchbox template to draw and label in Māori their favourite lunchbox kai

7

LEARN the Māori days of the week (transliterations) by singing the waiata below ie 'Mane, Tūrei, Wenerei' (to the tune of 'Day O').

Mane, Tūrei, Wenerei
Ko ngā rā o te wiki ēnei
Tāite, Paraire, Hātare
Ko ngā rā o te wiki ēnei
Rāhoroi, Rātapu,

Monday, Tuesday, Wednesday
These are the days of the week
Thursday, Friday, Saturday
These are the days of the week
Saturday, Sunday,

Ko ngā rā o te wiki ēnei

These are the days of the week

REPEAT LAST 2 LINES

9

WORK OUT Students to look at the Māori food words they know, and work out which ones they think are transliterations i.e. converted from English to Māori e.g. banana to panana.

10

STUDENTS record in Māori (each day, for a week) one food item in their lunchbox...

Mane	Tūrei	Wenerei	Tāite	Paraire
he āporo	he panana	he miraka tepe	he paramu	he hanawiti
				
(an apple)	(a banana)	(some yoghurt)	(some plums)	(a sandwich)

8

CROSS CURRICULAR INTEGRATION
Hauora – Students design a healthy eating guide (based on the Heart Foundation's visual food guide) and label the kai in Māori.
